BUILDING FOR STUDENT SUCCESS

On Tuesday, March 14, 2017 Boise School District will hold a bond election to reinvest in our neighborhood schools and community with no increase in the current property tax rate.

The bond will fund a 10-year Educational Facilities Master Plan that:

- Addresses our schools' most pressing needs regarding poor condition, overcrowding and improving educational adequacy while ensuring every school receives attention.
- Makes significant facility improvements today while preparing for the educational needs of students well into the future.
- Is accountable, addressing critical school facility problems now so they don't cost taxpayers more later.
- Provides students with access to safe, modern classrooms and schools that reflect best practices and technology - ensuring students graduate career and college ready.
- Demonstrates a thoughtful balance between hard data, demographic and enrollment projections and the input from parents, patrons, staff and students.
- Serves as a clear reflection of our community's commitment to high-quality neighborhood schools.
